About the owners:

The Hacienda was a dream that became a reality for former investment banker Geoffrey Banham and wife Karen. In 1992 they bought land in Andalucia and built the Hacienda. For many years the Hacienda was run by them as a boutique hotel, now it has been converted into a private home which they take great pleasure in opening to people who appreciate the finer things in life. Karen and Geoff's 14 years of hotel & restaurant experience help them plan weddings and special celebration events meticulously.

A non resident house manager is always on hand to help guests during their stay should the need arise.

For further information or to book please contact Karen Banham on:
