### OVERVIEW

Images 1 - 12 show Barn 1 with images 13 - 23 showing Barn 2.

These properties were created to provide discerning guests with a unique experience - exclusive luxury breaks. The attention to detail is impeccable throughout - from the finest quality beds and linen, throughout the comprehensive range of extra services available.

Each of the properties is set in the most beautiful of surroundings and has been designed and built to the highest of standards. The properties are luxuriously furnished in a contemporary style with en-suite bedrooms, large open plan living space and superbly appointed kitchen and dining area.

A note from the owners:

"I want our guests to stay somewhere which is at least as good, if not better than home. I want the experience to be as good as any boutique hotel at a fraction of the cost. I want my guests to tell me what is important to them so if they would like a chef or a highly trained spa therapist it can be organized, or if they prefer to be left alone, the choice is entirely theirs."
